

## TRANSLATEMEDIA'S MAGENTO INTEGRATION: Reduce translation turnaround times from days to hours

 Instant quote and approval process

 Integration with glossaries and translation memory

 Real time job tracking

 Job submission history

 Catalogue management

 Batch selection

 Status update and selection

 Single click "send for translation" function

### THE PROCESS

### HOW IT WORKS

**1**  **Select content for translation**  
... including products, CMS pages or blocks, categories, attributes or tags

**2**  **Get an immediate quote**  
... and approve the jobs with just a few clicks

**3**  **Track your projects**  
... and check on the progress of all of your translation jobs

**4**  **Import your translated content**  
... directly into the right place in your Magento eCommerce store

### WHY TRANSLATEMEDIA?

#### Our technology & processes

We invest heavily in technology to ensure that we're able to integrate seamlessly with your Magento eCommerce store - allowing you to reduce translation turnaround times, lower costs, increase efficiency and improve the quality of your localised content.

#### The human touch

We employ the best talent in the industry and work with in-country, native professional linguists with a successful track record in managing translation projects for eCommerce businesses in FMCG, fashion, luxury, footwear, jewellery, cosmetics, gifts and gadgets.
